MINDS, MACHINES AND ALL THAT

Oxford 20.11.03

Mathematics & the Mind

Transparencies

pull up
cover Penrose book - open at
end of first quote
Plan immediately after 2

1. Truth and Value
2. The case of mathematics
3. The Lucas-Penrose argument
   3a
   3b
4. Gödel's theorems
   4a
   4b
5. ~~CM~~ in Gödel's arithmetic
   (its unprovability)
6. Any → all
   plum pudding example
   - from ~~all~~ it follows"
   to the reader show
   5 shortcuts
   6a - The Truth of ~~CM~~
7. Penrose's response - Gödel's theorem
   7a
8. The irrelevance of Penrose's response
   - Russell paradox
9. Advantage of my argument over
   Lucas-Penrose.
10. Are minds machines?
11. Is Cantor's Paradise just La La Land?
